

RICHMOND DEMOCRAT.

Thursday Evening, Oct. 30, '79.

Upton B. Winsor, of Lafayette county, was stricken with paralysis last week but is now improving.

The capitol building at Jefferson City is being repaired. This is money thrown away as Sedalia will have the capitol inside of five years.

The police of St. Louis have lately arrested a big lot of counterfeiters—completely breaking up a gang. They operated in counterfeit silver money.

The St. Louis Post Dispatch is trying to get up a boom for Bayard, of Delaware, for the Democratic nomination for the Presidency. No, he won't do. He might want to demote silver.

The defeat of the Democrats in Ohio this year will prove a blessing in disguise. It will cause the leaders of the party to stop and think, and they will move with more care in the future.

Married, in Lafayette county, last week, James Chinn to Miss Oasie Lockhart; Lewis Kidd to Miss Mary Maddox; Oliver C. Null to Miss Emma Kreutz; John Burnside to Miss Allie Phipps.

At the Missouri Baptist Association, held at Kansas City, last week, the troubles with the Second Baptist Church, of St. Louis, were settled and harmony once more prevailed.

Governor Phelps has been living too high and drinking too much fine liquor. It is beginning to tell on him. The old man will have to live more temperate or the gout will get a firm hold on him.

The Macon Register says a swindler by the name of Fowler has been through Macon county swindling the grangers under the pretense of being sick and "flying light". He is a swindler.

A drunken negro fatally shot a policeman at Alhambra, Kansas, on Sunday last and was in turn shot and killed by the policeman. The negro died in 20 minutes; the policeman in a few hours. This occurred in Kansas.

Martin Coyne the mate of the Joe Kinney, who shot a negro deck hand opposite Camden, last Summer, was discharged at Lexington, last week, for the reason that the witnesses for the prosecution failed to appear before the grand jury.

The frauds practiced by the Life Insurance Companies of St. Louis, on the people, are being investigated and they show an astonishing amount of rottenness. It is about time for people to quit paying money to Life Insurance Companies.

Dr. G. W. Cole, a deputy U. S. Marshal from New Mexico, says the James boys had nothing to do with the Glendale train robbery. The Sedalia Democrat says the robbery was done by a band of thieves from Kansas which is more than likely the true statement of the case.

The county court of Macon county has submitted a proposition to the people to compromise the railroad bonds issued to the M. & M. Railroad, which is an imaginary road, never having been built, at 20c on the dollar.

The body of George Barr, the missing balloonist, was found on the shores of Lake Michigan last week. He went up from St. Louis with Prof. Wise on the 28th of September in the balloon "Pathfinder". Prof. Wise has not yet been heard from.

Don't be too sanguine about Governor Robinson carrying New York, next Tuesday, for the odds are against him. New York is a Democratic state but the foolishness of John Kelly may lose it to the Democracy this year. Next year it will come up all right for the Democratic nominee.

Stephen J. Moore, found guilty of murder in the first degree at a recent term of the Audrain county Circuit Court, for the killing of Albert Gentry, his brother-in-law, has been granted a new trial. It is just such delays in punishing criminals that sometimes causes men to take the law in their own hands.

A man named James McGuire was arrested in Lexington recently for beating Father Lilly, a Catholic Priest out of \$5 by a swindling process. He called on the Priest and presented him a check for \$5, claiming it as a donation. Later in the day he called again on the Priest and borrowed \$5. The check was cashed and the thief will have to answer for his amusement.

The balance of trade in our favor, with foreign countries now amounts to about two hundred and fifty millions of dollars a year, that is we sell to other countries that much more than we buy from them. In four years this will amount to a billion of dollars, and in 8 years to two billions, which is as much as our national debt. The fact is this country is on the road to prosperity and there is now no excuse for begging tramp. When one comes along begging for something to eat kick him into the road.

On the first page of this issue will be found the vote cast at the recent Ohio election. It will be seen that our Greenback friends made no show to amount to anything for out of a total vote of over 650,000 they got less than 10,000. As we stated a few weeks since, returning prosperity does away with the excuse for the organization of that party and it will gradually sink out of existence. The struggle next year will be a battle between giants in which the pigmies will be forever crushed out of sight. The contest will be between the Republican party, fighting to retain the spoils, and the Democratic party, fighting for principles, for the perpetuation of our government and the freedom of our people from the threats of a centralized or stronger government as our Republican friends call it.

Ice formed on pools of water at Memphis, Tennessee, on Friday night last and frost was to be seen everywhere. This was the most joyful sight that had been witnessed in Memphis for many months, for it was conclusive evidence that the plague of yellow fever that had thrown its pall over her, would depart and refugees could once more return to their homes. It is hoped that the city will be so thoroughly cleaned up by next year as to prevent a recurrence of this dreadful fatality.

The women and children captured by the Ute Indians, at the time of the murder of Indian Agent Meeker, on Milk River, in southern Colorado, have been delivered up by the Indians. They are Mrs. Meeker, Miss Meeker, Mrs. Prill, and her two children. They suffered neither insult nor injury while in the hands of the Indians. The Ute Indians claim now to want peace. In the fight at the time Major Thornburg was killed 22 Indians were killed and several wounded, which was a greater loss than Thornburg's command suffered.

Mr. J. H. Cundiff, recently of St. Joseph, has bought a controlling interest in the St. Louis Times and taken charge of the paper. He drops the hyphenated name of Times-Journal, and will run the paper in the future as a straight Democratic journal. We are glad to note this valuable accession to the Democracy of the State, for we feel sure that under the management of Mr. Cundiff the Times will take high rank among the great dailies of this country.

James E. Carter, one of the State printers and the editor of the People's Tribune, of Jefferson City, died at his home at that place on Thursday night last. His death was sudden, being caused by disease of the heart. Mr. Carter was a kind, noble-hearted gentleman who had the confidence and esteem of a large circle of friends all over the State. His death will doubtless delay the issuing of the revised statutes a few weeks.

Hon. Henry Larimore, of Calaway county, died at his home near Fulton, on Friday last. He was well known over the State as the owner and breeder of fine cattle. As a member of the last Legislature he also gained considerable notoriety by his advocacy of a reduction of the salaries of all officers from the Governor down.

Mr. Adolph Steinacker, of St. Joseph, has been appointed by the Governor a Commissioner of Immigration in the place of Henry Clay Dean, resigned. We know nothing of the qualifications of Steinacker for the position.

Henry Ward Beecher has entered the political arena and is likely to develop into something of a "boss" among his hearers. It is needless to say that he is a Republican. His kind are all of that stripe.

Over five million dollars of gold was received in New York from Europe last week, and dispatches say that between seven and eight millions more are on the road. If times don't get prosperous in this country it will not be for the want of gold.

A statement is made that the gold mines in Georgia produce over a million of dollars worth of the yellow stuff annually, and that the Georgia papers think that State will finally exceed Colorado as a gold producing State.

Arrangements are being made to complete what is known as the St. Louis & San Francisco R.R. to the Pacific Ocean. It is now completed from St. Louis to Vinita in the Indian Territory. The completion of this road would be of great value to Missouri.

The Sheriff of Lafayette county escorted four prisoners to the penitentiary at Jefferson City, last week, sentenced as follows: Lysander Johnson, 2 years for stealing a mule from Rev. Lamar Bedworth.

August C. Hawkins, 6 years for forgery on 3 different indictments.

James Smith, grand larceny, 2 years.

L. Johnson, colored, 5 years for burglary and larceny.

Mr. D. B. Kellogg, of Keytesville, had a tobacco barn burned at that place, last week, with 30 or 40 barrels of castor beans and about \$75 worth of tobacco belonging to Giles Rice. Mr. Kellogg's loss is about \$700. No insurance.

Judge J. B. Hyde, of Dalton, Mo., got a tobacco barn burned at that place, last week, with a small dwelling by its side. Loss about \$5,500. Insurance \$2,500. Supposed to be incendiary work.

We hear of the suspension of the public schools at Brookfield, on account of scarlet fever raging as an epidemic. The public school at Slater, Saline county, has also been suspended, for the same reason.

A man named Bowley was indicted 16 times by the recent grand jury of Clinton county and 3 times by the former grand jury for selling liquors contrary to law, but some how or other he arranged to get rid of the whole batch by pleading guilty to one.

Foster's majority over the opposition in Ohio is 3,855 out of a vote of 767,000. Republicans haven't got much to blow about in that race.

An engine on the Chicago, Rock Island & Pacific R.R. ran off the track on Sunday morning last, near De Kalb, killing three men: W. M. Holmes, superintendent of bridge construction, D. A. Adams, telegraph operator and J. C. Mull, a brakeman.

There are now over eleven hundred cases on the supreme court docket and it will take some years to dispose of them.

Campbell and Nye are meeting with great success in the temperance work at St. Joseph.

The Lexington Sentinel says the farmers in Lafayette county are reporting weevil in the corn.

The Lexington Sentinel is down on the narrow gauge railroad that runs from that place to Kansas City, and tells many naughty things about it.

Elections will be held on Tuesday, Nov. 4th, in Maryland, Massachusetts, Minnesota, Mississippi, New Jersey, New York, Virginia, Pennsylvania, and Wisconsin. Elections for local officers only, will be held on the same day in Illinois, Kansas and several other States.

The balance of trade for the last three years has been a much in our favor—something over \$700,000,000—that a large importation of gold has and is taking place. As an instance, on the 22nd inst., the ship Weiland from Europe brought \$4,413,000 French gold making \$4,511,000 since the resumption of specie payments, and nearly nine-tenths of the whole amount since August 1. Some are of the opinion that shipments of gold from Europe will fall off very rapidly, while others believe, from the amount of the very large crops of wheat, corn, cotton, etc., that will continue to be shipped abroad, will continue the influx of coin for a considerable time to come. This with the vast amount of gold and silver being taken from the mines of this country, estimated at from \$75,000,000 to \$100,000,000, will before long enhance the value of property all over the country as high a value, if not higher, than it has at any time heretofore attained, and it is already having that effect. As an export that may attain to very large proportions in time, we note that the chief of the bureau of statistics reports the value of exports of live animals of all kinds from the United States increased from \$5,344,653 during the year ending June 30, 1878, to \$11,487,750 during the year ending June 30, 1879.

Judge Frederick, one of the justices of the county court of Clinton county was indicted by the grand jury last week for telling something that occurred in the grand jury room. On hearing of the indictment he promptly reported to Judge Dunn and demanded a trial which could not be given just then, but he was not asked for a bond or even a personal recognizance for his appearance in future, which to our mind shows that Judge Dunn recognized the fact that this indictment was only an attempted persecution on the part of certain fanatics in that county. From what we have seen of Judge Frederick in print, we would judge that he is amply able to take care of himself.

Advanced sheets of the first volume of the revised statutes of Missouri will be furnished the circuit judges in a few days.

MARKETS.

M., before John D. A. Cook, Register in Bankruptcy, for the purpose of receiving claims and of electing a committee under section 21 of the Bankruptcy Act of March 3rd, 1867.

Assignee's Notice.

In the District Court of the United States for the Western District of Missouri. In the matter of Walter C. Hamilton, (In Bankruptcy.)

THE CREDITORS OF SAID BANKRUPT—Take notice that a second general meeting of the creditors of said bankrupt, will be held at Kansas City, in said District, on SATURDAY, NOVEMBER 8th, 1879, at ten o'clock, A. M., before John D. A. Cook, Register in Bankruptcy, for the purpose of receiving claims and of electing a committee under section 21 of the Bankruptcy Act of March 3rd, 1867.

SHERIFF'S SALE.

Brockmeyer & Banks, Plaintiffs, James E. Brown, Defendant.

BY virtue of a special execution issued from the clerk of the circuit court of the State of Missouri, in favor of J. E. Hall and against James E. Brown, and in obedience to the order of said court, the undersigned Sheriff of said county, do hereby sell to the highest bidder for cash in hand, the following described real estate situated in the county of Boone, State of Missouri, to-wit:

Friday, November 14th, 1879, at the south front door of the courthouse in said county, and what the circuit court holds in and for said county, in session, between the hours of nine a. m. and five p. m., of that day, will, publicly at auction to the highest bidder for cash in hand, the following described real estate situated upon and said as the property of said James E. Brown, to-wit:

Lot 1, of the north half of the northeast quarter of section six (6), township thirty-one (31), range (22) twenty-nine, lying west of the Meridian line in and in the above described county, and also the interest which said William Minick has in and in the above described property, or so much thereof as will be sufficient to satisfy the execution aforesaid, together with costs and charges thereon.

The sale will in all respects be conducted according to law.

THOMAS MCINNIS, Sheriff of Boone county.
